Description

Magnificent manor house in Valldemossa with a holiday rental license for 11 people for sale.

Discover this spectacular manor house, built in 1960 in the traditional Mallorcan style. It is located right at the foot of the Tramuntana Mountains in the picturesque and culturally rich village of Valldemossa.

With a total area of 3,597 m², of which 2,537 m² are buildable, this property offers a unique opportunity to build another house of approximately 400 m². The existing building comprises 981 m² on two floors and has 476 m² of living space, which requires comprehensive renovation.

Highlights include various living rooms with fireplaces, a large terrace, nine bedrooms, six bathrooms, and a kitchen with an attached office. A historic vaulted cistern, still in use, and private parking complete the offer. The elegant wooden doors and traditional Mallorcan aluminum shutters underscore the authentic charm of the house.

The impressive view from all rooms of the valley and the village of Valldemossa, including views of the Bay of Palma between the mountains, makes this property especially attractive.

The center of Valldemossa is only a 10-minute walk away. Palma can be reached in 20 minutes by car, and the airport is 30 minutes away. An ideal location that perfectly combines tranquility and accessibility.

Energy certificate is in process.
